secutech

- Security & AIoT Zone
- 5G Communication Application Pavilion
- German Pavilion
- Nx Solution Pavilion
- Smart Solution Demo
- Engineering Pavilion

- Smart Hotel Pavilion
- Smart Building & Living Pavilion
- Access Control Zone

- Smart Railway Pavilion
- Smart Vehicle Pavilion
- Smart Logistics Pavilion
- Innovation Pavilion

- Smart Factory and Industrial Safety Zone
- Earthquake Zone

Make more business connections:

Customise your experience at Secutech with the one-on-one business matching programme. Maximise your time at the event and connect with the right strategic partners. Get tailored recommendations for networking sessions based on products and solutions of interest.

8F, No.288, Sec. 6, Civic Boulevard, Xinyi District, Taipei City 110, Taiwan

From components to vertical solutions: The business segments you care about:

AI-based security

Explore the latest components that are compatible with 5G, AI and IoT technologies, including automotive SoC, CMOS, chipsets and storage. To stay on top of technology trends, also check out the AI-based security solutions including everything from video surveillance empowered with AI, machine vision and deep learning software, to smart access control systems embedded with intelligent video analytics and smart sensors integrated with big data and biometrics.

Software and 5G NEW

Join the interactive zone equipped with hands-on-exhibits to gain first hand experience of Network Optix (Nx) management solutions for access control, traffic management, retail, factory monitoring, smart living with Nx hardware and software partners. The newly introduced 5G communication applications pavilion will house four of Taiwan's main telecom providers: Chunghwa Telecom, Taiwan Mobile, FarEasTone and Asia Pacific Telecom, to demonstrate 5G applications for drones, law enforcement, smart healthcare, AR/VR solutions for smart living, smart retail and industrial safety and automation management.

Smart & safe buildings

SMABuilding connects global buyers with key Asian players for smart home & building solutions. Check out onsite demos of technologies for security, fire safety, smart living, management platforms, and mechanical & electrical systems/energy efficiency. Explore new IoT solutions made possible by network protocols Zigbee, Bluetooth, RFID and 5G.

Focuses:

- **Smart hotels** NEW
 - Smart locks, hotel automation with kiosks and service robots, operational efficiency
- **Smart commercial properties (office, factories & retail)**
 - Visitor management and access control, building automation and management
- **Smart residential buildings**
 - Home security and automation for occupant convenience and comfort

Mobility & transportation

Taiwanese vendors who play key roles in the transportation supply chain backed by strong ICT / IT strengths will showcase the latest technologies and an extensive range of innovative products and solutions for road, railway, logistics and parking.

Focuses

- **Smart logistics**
 - Highlighting GPS, beacons, cold-chain management, warehouse management, and fleet management solutions to better manage inventory, goods and personnel.
- **Smart railway**
 - Underlining railway signaling, communication system and M&E systems integration for a more efficient and safe way to manage railway traffic.
- **Smart transportation**
 - Adopting traffic management systems and parking solutions to improve traffic congestion.

Fire safety & disaster management

Fire & Safety 2020 will cover three major fields: fire and industrial safety for factories, protection of medical institutions, and disaster prevention and mitigation.

Focuses:

- **Factory protection physically and virtually**
 - Instrument testing equipment, personal protective equipment, safety and management of plant / industrial park intelligent perimeter protection, plant disaster prevention (earthquake / fire explosion)
- **Protecting medical institutions** NEW
 - Emergency notification systems, waterway sprinklers, fire alarm systems, evacuation equipment, ventilation and smoke exhaust, fireproofing materials
 - Architectural and technology design for fire safety in medical infrastructure including nursing homes/elderly and hospitals
- **Disaster prevention and mitigation**
 - Earthquake early warning system, flood protection equipment, disaster relief drone, fire rescue vehicle, fire extinguishing equipment
 - Showcasing and discussions on solutions for facing both natural and man-made disasters
 - Earthquake simulation zone

German Pavilion NEW

The first-ever German Pavilion offers visitors a one-stop platform to source German-made products and solutions. Exhibitors include:

- TASSTA – Lone Worker Protection, push-to-talk solutions
- TESCON Sicherheitssysteme AG – Perimeter protection
- Geze – Access control & safety, building automation
- Dräger Safety Taiwan – Gas detectors, PPE, respiratory equipment, rescue, fire fighting
- FOGTEC – Intelligent firefighting systems
- LHD Group – Protective clothing
- SEC Technologies – Platform for security analysis on IoT firmware
- TÜV Rheinland – Inspection and product certification
- VdS Schadenverhütung – Inspection of fire protection systems, certifications
